DATE

*Linda J. Sanchez*  
MEMBER OF CONGRESS

### **Gloria Azbell recipient of a city council award**

On November 19th at the Aquarium of the Pacific Council meeting our Councilman Dan Baker presented an award for outstanding work to Gloria Azbell!! Now who is Gloria Azbell? Gloria was that 4ft. 10-inch dynamo who followed our volunteers, who were planting trees, around with a full gallon of water and proceeded to water each tree after it was placed in the ground!

Furthermore if she sees a hint of a tree dying she is right there with her bucket of H2O! What dedication! If you see this whirlwind in front of your house you can relax and know its" Gloria the water women" doing her part in making Bluff Heights a great place in which to live!
